Ada County Needs **Club Kids**

Club Kids Need You.

THE VALUE OF A CLUB EXPERIENCE.

The Boys & Girls Clubs of Ada County is committed to transforming the lives of more than 4,000 children and teens each year. These young people—many from low-income households and high-risk environments—deserve access to safe, supportive spaces where they can learn, grow, and thrive. Each year, it costs approximately \$4,000 to provide one child with comprehensive support through our Clubs. Families contribute only a small fraction of that cost, ensuring no child is turned away due to financial barriers. Highly trained staff mentors play a key role in guiding and supporting our Club kids by guiding and inspiring them every step of the way.

PRIORITY OUTCOME AREAS:

1. HEALTHY LIFESTYLES: We believe every child should live a healthy, active lifestyle and learn to make positive choices. To support this vision, we provide breakfast, lunch, nutritious snacks and dinners, encourage physical activity through sports and play, and offer creative outlets in our art and music rooms.

2. ACADEMIC SUCCESS: Our goal is for every child to graduate from high school with a clear plan for the future. To help make that a reality, we offer a range of academic and enrichment resources, including homework help in our Education Center, reading and writing clubs, hands-on programs in the Tech and STEM Lab, and creative expression through art projects.

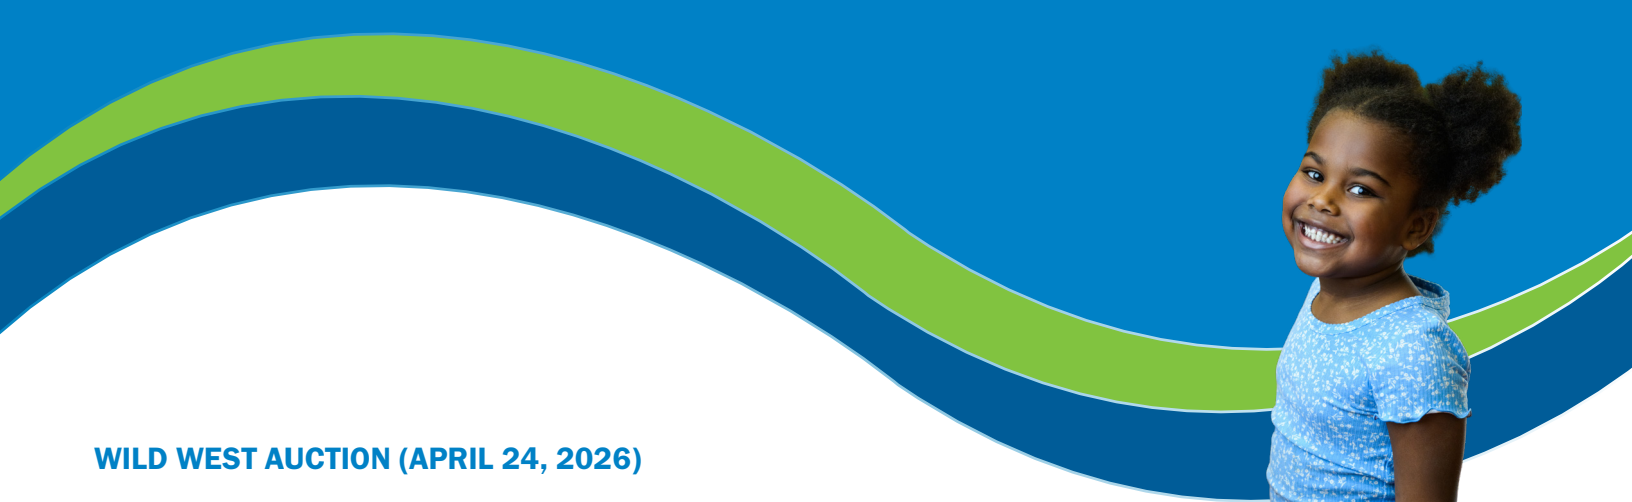

3. CHARACTER & CITIZENSHIP: At the Boys & Girls Clubs of Ada County, character development is at the heart of everything we do. Every day, our members learn the importance of being respectful, responsible, and living with integrity—both in their personal lives and in their interactions with others.
